Thanks for retaining focus on multiple activities as we take on Integration efforts, change book and run the bank activities. As we take on new challenges, it is crucial we assume the role of a Risk Manager i.e., anticipate risks, challenge status quo and focus on continuous improvements. Each one of us has the opportunity to excel, the ability to bring change and improvement; only if we push ourselves out of the comfort zone. Don't accept mediocrity - don't say this is how it has been done in the past - make your own path and lead the way. Strive to be a leader, a thinker and an innovator in every aspect of your work!
